Parent Agreement

I understand that the Internet can provide students with valuable learning experiences.

I also understand that it gives access to information on computers around the world; that the school cannot control what is on those computers; and that a very small part of that information can be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information must depend finally upon the responsibility of the students.

I accept that Education Queensland will monitor and record all use of the internet and email.

I believe that(name of student) understands this responsibility, and I hereby give permission for him/her to access the Internet under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This would include loss of the Internet access. This agreement will continue until completes their education at Kingaroy State School. Consent maybe revoked by writing to the Principal.
